Two More New Houses

Going Up in ELK TERRACE

This makes six houses that have been built in this new addition in less than one year and that is better than some of the higher priced additions and you can believe it or not, but if you will take another look in a year from now you will see not a half dozen houses there but a dozen and perhaps more. Well, suppose I can show you twelve houses in this close-in addition within the next year, what does it mean to you as a prospective buyer? It means that the lots will double and treble in value and if you own one of them you are going to receive the profit and if you listen to the "knockers" and let some one else who has more nerve than you have buy these lots at these low prices the other fellow is going to get the profit and you are going to get the experience. Which would you rather have?

Only yesterday I sold thirty by sixty-five feet in Glen Elk on a side street. Vacant lot for the sum of thirty-one hundred dollars, and I predict right now that the same lot will sell for a whole lot more by this time next year than it did yesterday, and the fellow that bought it thought that he was paying a great big price for it then, and he was, but that makes no difference if he can get more for it later on. Real estate is worth just what it will sell for and these ELK TERRACE lots will sell for several times their value in a very short time. As an illustration, note Glen Elk lot that I sold yesterday. Ten years ago it could have been bought for less than I am asking for these ELK TERRACE lots and as above stated the Glen Elk lot sold for \$3,100, and you will find that this property or any other property as close to the Waldo Hotel as Elk Terrace is going to continue to increase in value. I am selling these lots for from

\$250.00 TO \$500.00

Last year they were selling for from \$100.00 to \$250.00. Judge for yourself.
